ACADEMIC RESOURCES

- Writing Lab provides students assistance on writing assignments, brainstorming, and editing drafts.
- Math Lab offers students the ability to review concepts, complete homework assignments, ask for feedback, and prepare for upcoming tests/quizzes.
- Conference Period allows students the opportunity to meet individually with teachers, either to advance in their coursework or reinforce academic skills.

ENRICHMENT

- Forum provides age-appropriate health and wellness education.

HOMEWORK GUIDELINES

Students in the seventh and eighth grade should anticipate 1.5-2.5 hours of homework each day, including reading and studying.
