ACADEMIC RESOURCES

- Writing Lab provides students assistance on writing assignments, brainstorming, and editing drafts.
- Math Lab offers students the ability to review concepts, complete homework assignments, ask for feedback, and prepare for upcoming tests/quizzes.
- Conference Period allows students the opportunity to meet indvidually with teachers, either to advance in their coursework or reinforce academic skills.
- Study Hall is a proctored, after-school academic resource period where students can conference with teachers or begin their homework. Students may stay the entire hour or just a few minutes; there is no additional fee for Study Hall.

ENRICHMENT

- Learning Strategies facilitates the transition to academic vigor at Dana Hall and helps students develop the skills to become effective learners.
- Library + Research Skills introduces students to the space and resources available in Dana Hall's Helen Temple Cooke Library, including the research process and how to evaluate and think critically.
- Performance Workshop draws upon dance and theater technique to explore fundamentals in the performing arts in a collaborative environment emphasizing spatial awareness and compositional elements.
- Forum provides age-appropriate health and wellness education.

HOMEWORK GUIDELINES

Students in fifth grade should anticipate 1-2 hours of homework each day, including reading and studying.
